EDUCATION

Techno India University

MCA CGPA:9

Kolkata, India

2023-2025

Techno Main Saltlake

BCA CGPA:9.20

Kolkata, India

2020 - 2023

TECHNICAL SKILLS

Programming Languages: JAVA, HTML, CSS, JAVASCRIPT, SQL

Framework: Express Js

Database: SQL Plus, MongoDB

Developer Tools: VS Code ,Git, GitHub, Postman

Operating System: Windows

PROJECTS

- **Ecommerce-Backend**, The E-Commerce Backend project utilizes MongoDB, Express.js, and Node.js to create a robust backend system for an online store. It features user authentication using JWT tokens, an admin panel for managing users and products, and comprehensive product management functionalities for users. The project leverages MongoDB for database storage, Express.js for routing and request handling, and Node.js for server-side logic execution, providing a scalable and secure backend solution for e-commerce applications.
Tech Stack: NodeJS, MongoDB, Express,JWT,Postman [Project Link\(GitHub\)](#)

- **Travel Website**, Travia is a sleek and intuitive travel booking website designed to streamline the process of planning and booking travel accommodations and experiences. Built using HTML, CSS, and JavaScript, this front end-focused platform offers users a seamless and visually engaging experience while facilitating easy navigation and booking. Here they easily experience of bookings like Flight,Train,Bus,Hotels,etc.

Tech Stack: HTML, CSS, JAVA SCRIPT [Website Link](#)

COURSE WORK

- Object oriented programming
- Database Management System
- Networking
- Operating Systems
- CS Fundamentals
- Design and analysis of algorithms

CERTIFICATES

- SQL (Hacker Rank) [Link](#)
- Introduction to Python Programming [Link](#)
- Zscaler Cybersecurity Fundamentals [Link](#)
- Technical Support Fundamentals [Link](#)
- Backend Development [Link](#)

SOFT SKILLS

Soft Skills: Multitasking, Leadership, Eager to learn new technologies, Motivated and goal oriented

HOBBIES

Cricket, Badminton, Reading Books, Travel, Listening Music

LANGUAGES

English, Bengali, Hindi
